

MEETING OBJECTIVE

The Allergy Asthma & Immunology Society of Ontario is pleased to present ALLERGY UPDATE 2022. This is the 37th annual SPECIAL SYMPOSIUM FOR THE PRACTICING PHYSICIAN.

PROGRAM OBJECTIVES:

Our objective is to continue to provide practical, topical, and up to date information related to the practice of allergy, asthma, and immunology. Information presented will result in a better understanding of basic and clinical allergy and will present strategies for the treatment of allergic diseases.

ALLERGY UPDATE 2022 features an excellent panel of guest speakers from Canada, Europe, and the United States.

- **ASTHMA**
- **HEALTH OUTCOMES FROM COVID**
- **ANAPHYLAXIS**
- **RECURRENT ANGIOEDEMA**
- **URTICARIA**
- **CONJUNCTIVITIS**

We invite full audience participation and discussion. This will enable participants to better address their own clinical concerns and current issues in the therapeutic management of allergy and asthma. Your involvement will help the planning of future meetings, ensuring that each annual Allergy Update continues to be informative and useful.
